

**R5**

White protective Visor with 6 shields. Thickness mm 0.375, very protective due to the bigger size. Ideal for completely covering the user's face. It has an elastic strap at the back for a better hold on the head. Frame and shield marked L13S CER5.

**Certification:**  
**PPE CATEGORY II**

AVAILABLE COLORS:    
Bi

Self-adjusting safety strap

Smaller hole for better and more protection

R5

A larger shield

**R5-RICAMBIO**

Pack includes: 12 shields.

**R3**

Protective visor with frame, certified to protect the face from splashes and small objects/splinters. Easy visor positioning by inserting it into the slot. Opening on the frame to allow ventilation. The loose frame lets you open the shield and raise it above your face. Can be used with your own reading glasses underneath. Packaging: 1 frame and 6 shields.
